What happened before the incident:

Student Christian exited bathroom, told staff David Bryant twice that he wanted to be changed; Staff let him know he could do it. Staff then walked Christian to sink on other side of room, asked Christian to wash hands with soap.

What happened during the incident:

Christian turned on water independently, flicked water in staff face twice. Staff asked Christian to use soap; Christian got a handful of soap & reached to push soap in staff's face. Staff took 1 step back and gesturally and verbally prompted Christian to continue washing hands. Christian began smiling & laughing off-and-on, then a few seconds of silence, then laughing again. Christian then Reached up to try to slap staff across face three times (twice with left hand, once with right hand. Staff raised their hands to block own face. When Christian raised hands above his shoulder level again, staff radioed for support. Christian wandered around room, refusing further prompts by staff to sit, "show calm hands", or finish washing hands. After walking for about 20 seconds, Christian ran for North side exterior door & was intercepted by behavior staff entering the room.

Behavior Staff Miss Mo escorted Christian to the refocus room and directed him to sit down and maintain a calm body before they could talk. Christian attempted to run toward Miss Mo, striking her and grabbing her hair. Miss Mo radioed for support, and Administrator Peter Barnes and Staff Brian entered to assist. Christian was placed in a CPI high-level standing hold. Staff told him, "You need to have a calm body so we can let you go." Christian resisted and stated, "I'm going to hit you," before spitting on Miss Mo. After approximately two minutes of verbal redirection, he calmed his body and was released.

Following his release, Christian began yelling profanity in English and Spanish, shouting "Fuck you," and "Pinche pendejo." Administrator Peter Barnes redirected him, instructing, "You need to use quiet language for five minutes before we can start some work." Christian complied briefly, then was transitioned to the learning center. Once there, Christian stated, "I'm going to fucking kill you," and "Shut the fuck up, bitch," before spitting on Administrator Peter Barnes and attempting to swing at him. Christian was placed into another high-level CPI standing hold and transported back to the refocus room. When he dropped to the floor, he was placed into an emergency CPI floor hold.

While in the hold, Christian yelled, "I'm going to cut off my penis because I want a pussy," and, "Don't tell my parents I want to be a girl." He continued, "You're a fucking faggot," and, "Pinche pendejo, you fucking pussy." Christian also screamed about "Annabel" and stated, "Annabel is going to come and haunt you because you're being bad." Staff redirected him, reminding, "You need to have a calm body and a quiet mouth for five minutes." After approximately five minutes, Christian de-escalated and was released.

Shortly after, Christian spat directly in another staff member's face, with saliva entering the staff's eyes and mouth, while yelling, "I'm going to fuck you up." He attempted to strike the staff and was placed in another CPI standing hold, then into an emergency floor hold when he dropped his body. He continued yelling obscenities until he calmed and was released. When another student entered, Christian stated, "I'm going to fuck that bitch up." The other student was immediately removed, and Christian was redirected to remain seated quietly. When prompted to stand, he exposed his genitals and began masturbating. Despite staff redirection, he continued pulling down his pants. He then defecated on himself, stating repeatedly, "I shit on myself." Staff provided immediate assistance. Counselor Dr. Black was called for support. Staff Angel assisted with cleaning while Administrator Peter Barnes held Christian's hands to prevent aggression. During this time, Christian said, "I don't want you to fuck me in my ass," and "I'm no fucking faggot. I just want to be a girl. Don't fuck me in my ass." He was provided clean clothing and redirected to sit calmly for five minutes.

When staff informed him that his parents would be called, Christian said, "Don't tell mom I was bad, she's going to beat me," and, "Don't tell dad I want to be a girl, he's going to beat me." His mother was notified and stated the defecation was a new behavior. She also authorized staff to give Christian his anxiety medication. After medication and redirection, Christian calmed and colored with staff for approximately 20 minutes. He later walked with staff outside, then boarded the van and was transported home without further incident.
